

6th ASRIC SCIENTIFIC CONFERENCE

African Scientific
Research and
Innovation Council

November, 2023

CALL FOR PAPERS

Conference Theme:

Science, Technology and Innovation for Development

(Agricultural Sciences, Engineering Sciences, Health Sciences,
Natural Sciences, Social Sciences and Humanities)

The 6th ASRIC Scientific Conference is organized by the African Scientific, Research and Innovation Council (ASRIC) which is scheduled to take place in November 2023 at Tangier, Morocco. At the conference will be presentations of scientific papers and keynote speeches from eminent scientists and researchers drawn from the African continent and the diaspora.

The conference will take place in hybrid format with limited full and/or partial sponsorship for participants whose submissions are of high quality. All the papers that are accepted will be published in the ASRIC Scientific Journals.
