## Chair's Message

I am excited to share with you some of the activities of our students, alumni, and faculty staff in this issue of **ME\_connected**. This issue features a number of ME students and staff who won faculty and generic awards. We invite you to visit us and see first-hand, all the exciting changes in our department and would love to receive updates from you. Please send your updates at [eng\\_ahmed\\_hazem@mans.edu.eg](mailto:eng_ahmed_hazem@mans.edu.eg).

We wish you all a happy summer!

**Dr. Mohamed El-Gamal**  
*Professor and Chairperson*

## Awards

 **Dr. Mohamed Farhat Othman** has received his professional degree in Engineering Physics. Prof. Farhat joined our department since 2001; he got his master in 2005. He had been awarded his Ph.D. in physics in 2010, then worked as an academic lecturer at faculty of Engineering. His main research focuses on utilizing the cutting edge techniques related to photonics and crystal fibers with about 50 peer reviewed research papers titled under his name. He has been recognized for his work in various years.

The Department of Mathematics and Engineering Physics congratulates prof. Farhat who have won awards for demonstrating academic Excellence.

 **Eng. Yasser Ahmed Kashwaa** has received his Master degree in Mathematics titled in "Enhancement of Gradient Recovery Technique on the Boundaries for

Finite Element Method". Yasser joined our department since 2013. He is currently positioned as an assistant lecturer in Mathematics courses for undergraduate students.

The Department of Mathematics and Engineering Physics congratulates Eng. Yasser for his achievement and the way to go!

✚ **Eng. Ola Mohamed Abd elfatah** has received her Master degree in Mathematics. Ola joined our department since 2014, and she is assisting in teaching the Mathematics courses offered by the department for the undergraduate students.

The Department of Mathematics and Engineering Physics congratulates Eng. Ola for her achievement and the way to go!

---

## Department News

- **The department is pleased to announce a series of coming seminars starting the coming Fall-2020. The schedule for such seminars will be announced later and will be hosted in the department seminar room and snacks will be served.**
- **The goal of these seminars initially to mix expertise among our department staff and colleagues' Also, raise the presentation skills for coming challenges and young researchers.**
- **Other activities will be announced later to cover our academic role towards both graduate and undergraduate students.**
- **#Me\_Connected**
