TOWARDS THE DIGITAL WORLD & INDUSTRY X.0

ABOUT IAMOT

IAMOT is the only international organization dedicated to advancing the state-of-the-art in MOT education and research. IAMOT is a non-governmental, non-profit organization incorporated in 1992 in the State of Florida, USA. Its purpose is to encourage high-quality research and education in the field of management of technology (MOT). It accomplishes this purpose through various activities including sponsoring international conferences; publishing newsletters/periodicals, conference proceedings, a book series and a scholarly archival journal on MOT and Innovation (Technovation). IAMOT acts as an information exchange hub on teaching and research issues in MOT. The association has approximately 670 active members from 79 countries.

IAMOT 2020 Conference

Technology is the main factor that is changing the world as we know it today, the conference aim is to advance and support the practice of Management of Technology for the betterment of our organizations, societies, and future.
The conference will bring the most pressing technology-related issue for an in-depth analysis, discussion and study to facilitate the transformation of knowledge and exchange of expertise.
The theme of this year edition is "The Digital World & industry X.0"
