Dear colleagues,

We hope this message finds you well.

At RWTH International Academy, we are pleased to announce the upcoming launch of our **European Excellence Fellowship** — a new **full scholarship** covering tuition fees for outstanding European applicants. Detailed information will be published shortly on our website.

This initiative is designed not only to recognize academic excellence, but also to further strengthen and nurture our bonds with our partner universities across Europe by creating additional opportunities for your top students to continue their academic journey at RWTH Aachen University.

In addition, we are concluding our current **webinar series** with tomorrow's session introducing our different Master's degree programs, followed by Monday's session focusing on financing opportunities and the application process.

If you believe this information could be valuable for your students and graduates, we would greatly appreciate your support in forwarding the invitation.

Thank you very much for your continued collaboration. We truly value our partnership and look forward to deepening it further.

Kind regards,

Melanie Ostfeld  
Director Americas & EMEA

Dear future master's student,

You have been developing your areas of interest throughout your bachelor's degree. Now the question is: which master's program truly matches your strengths, ambitions, and career plans?

## A special scholarship for European candidates

Before we dive into the program details, we would like to share something exciting:

2/19/26, 9:45 AM

Mansoura University Mail - Full scholarships for excellent candidates and Deep Dive sessions into our programs in

We are about to launch our **European Excellence Fellowship** — a new **full scholarship** covering tuition fees for outstanding European applicants.

Detailed information will be published shortly on our website.

Now, let's explore which program could be the right fit for you.

We kindly invite you to our Deep Dives into these English-taught programs:

### Your Skills, Your Interests, Your Choice:

Each program offers a distinct focus and combination of technical depth, management skills, and practical experience.

This session will help you understand the differences and identify the best match for your goals:

#### Deep Dive 1: Engineering Master's Programs

- M.Sc. Computer Aided Conception and Production in Mechanical Engineering (CAME)
- M.Sc. Management and Engineering in Computer Aided Mechanical Engineering (MME CAME)
- M.Sc. Smart Production Engineering (SPE)
- M.Sc. Management and Engineering in Production Systems (MME PS)
- M.Sc. Textile Engineering (Composite Materials)
- M.Sc. Robotic Systems Engineering (RoboSys)
- M.Sc. Resilient Civil Engineering (RCE)
- M.Sc. Battery Systems Engineering (BSE)

#### Special highlight:

A current student from **M.Sc. Robotic Systems Engineering** will share:

- What studying engineering in Aachen really looks like
- Why he chose his program
- What student life in Aachen is like
- His personal advice for choosing the right master's program

 **Wednesday, 18 February 2026**

 **15:00–15:30 CET (calculate your local time here)**

 **Join live via Zoom**

#### Deep Dive 2: Master of Public Administration – European Studies

Interested in governance, public policy, and Europe's global role? :

In this session, you will:

- Learn about the two study tracks
- Explore career paths in public institutions and international organizations
- Understand how the program prepares you for long-term, stable career opportunities

 **Meet Jose Antonio**, a current student, who shares his insights and gives you recommendations to succeed.

 **Wednesday, 18 February 2026**

 **You'll Never Walk Alone: Professors, Peers and Mentors Behind Your Journey**

[Go to Youtube](#)

### Thinking about applying? Here's what to keep in mind

If you submit your application via **RWTHonline** by **March 1 (July 15 for Europeans)**, you could already start your master's journey in Germany **this September**.

#### Important next steps:

- If you are not European: Start preparing for the **GRE test** as soon as possible (required for all programs except MPA, RCE and BSE)
  - If your GRE results are not available before March 1, submit your test date reservation
- Make sure all required documents are available in **official English translation or original**.
  - CV
  - Letter of motivation
  - Two letters of recommendation
  - Proof of 6 months of work experience  
(*internship, relevant student job, current position — 12 months required by the start of the program*)
  - Transcript of Records
  - Module descriptions / module handbook
  - By enrolment: English language certificate  
(*IELTS 6.0 or TOEFL iBT 90*)

You'll find detailed application information on our website.

Whether you see yourself shaping the future of engineering or contributing to public policy in Europe, these sessions will help you make an informed decision.

We look forward to welcoming you online.

Warm regards,
